January 2018

"I have to admit, I never thought just a  
Corvette would make a great half-time  
show." [Blogger.com](http://Blogger.com)

## *President's Message*

Well here we go, 2018 is off and running, now we need the weather to cooperate so we can get our vettes dusted off and moving.

The annual breakfast run to Silver Diner was another fun gathering. Weather did not allow us to show our vettes but didn't stop me from enjoying the stuffed French Toast. Lots of camaraderie during the breakfast and folks discussed activities for 2018.

Sis has scheduled a breakfast at the Diamond Diner for January 27<sup>th</sup> prior to heading to the Fire and Ice Festival in Mt. Holly. The hope is the weather cooperates so we can get the vettes out for a run, but not too nice so the ice carvings can be demonstrated.

So let's get ready for another fun filled year. See you at Dooney's.

Just remember, we drive like everyday is Saturday.

Ted
