March 2018

*“In honor of St. Patrick’s Day, I painted
your car green. I knew it would leave you
speechless, dad.”*

President's Message

Well Spring has sprung, the question is where? It won't be long before we are taking the cover off the vettes and getting them out for a run.

Several of the Officers attended the Show Finders meeting on March 4th which allowed us to identify many activities that our club will participate in. It also gave us the opportunity to make club members in attendance, aware that Lakes Corvette Club will be hosting two shows this year. The Wine and Shine Car Show in Medford and this year we will be hosting a show at Elkins Chevrolet in Marlton. Flyers for both shows were made available to attendees.

In addition to our shows, we made those in attendance aware that Rancocas Woods in Mt. Laurel is attempting to resurrect the foot traffic in this quaint area. The management of Rancocas Woods requested that Lakes Corvette Club assist with getting a cruise going. With the assistance of Classic Corvette Club of Moorestown, we told them we would guide them with getting this up and running. They plan on having cruises on the second Thursday of the month starting in May. Flyers will be prepared by them to be displayed and circulated.

So let's get ready for Spring so our fun activities can begin. See you all at Dooney's.

Just remember, we drive like every day is Saturday.

The **original Corvette logo** featured the classic checkered flag crossed with the American flag. However, when designers learned that using the stars and stripes on a commercial product was illegal, the logo was changed to the traditional bow-tie emblem and a fleur de lis.
